

Mr. Stanley J. Rudick, had been active in the child care field since the 1970's assisting his father with operating a full - time day care facility in Northeast Baltimore, near Harford Road.

Recognizing a growing need for a quality after-school care in order to best serve working families, "Mr. Stan" founded what is now Harford Heights Child Care, Inc. in 1984.

Expanding on the traditional model his father began in 1940, Stan added before and after school care as well as school break camps to a very appreciative community.

Since his death in 2015, Mr. Stan's family is proud to continue the family tradition: offering parent's peace of mind that their children are well cared for by exceptional staff in a fun, safe, and caring environment!
